Heavy Fighting Continues On Fronts In Russia, Roumania And Macedonia; Rain Still In West

Fierce Battles West of Lutsk in Volhynia and Along Zlota Lipa River.
Roumanians Make Gains Against Centre and Left Wing of Tatars in Dobruja, and Also Claim Success in Transylvania—Ber-
lin Admits Retirement Before Serbians on West End of Mac-
donian Front.

(By Morning Bulletin Leased Wire)
LONDON, Oct. 4.—With rain still keeping the operations of the entente allies and Germans on the western front in France mainly to artillery duels, most of the world war has been transferred to the Russian, Roumanian and Macedonian fronts, on all of which heavy fighting is in progress.

The fierce battle which has been raging for several days west of Lutsk, in Volhynia, is still without decisive result for either side, while in Galicia, along the Zlota Lipa river, where the Russians are trying to hold on to Lemberg, the Austro-German forces are still holding them back.

Bucharest is still silent with regard to the operations of Roumania's troops which crossed the Danube river between Rustchuk and Turtukai, and invaded Bulgarian territory, but Berlin says these men have been held up without success. Any fear of being encircled by the forces of the Central Powers is gone.

Fresh gains by the Roumanians against the centre and left wing of the Teutonic allies operating to the north of Dobruja, are chronicled by Bucharest. At Amazaca, a position of the Teutons was captured, and with it more than one thousand men and seven guns and much material.

In Transylvania, from Orsova on the Danube near the Hungarian-Roumanian frontier, to the Bucovina border, numerous engagements have been fought. Bucharest claims successes for the Roumanian arms in the region of Odorokin, between Fogaras and Sighisca, and in the mountains to the west of the River Alt. It is admitted that the Romanian troops were withdrawn from the vital Valley, but before falling back the coal mines at Petrosyne were destroyed by them.

The British war office advised the retirement of the Teutonic allies before the Serbians to prepared positions near Lake Presla, on the western end of the Macedonian front, and also at Nize Hill, north of Kavadarci. The British government has been told that the British are maintaining themselves in positions they have adopted along the Struma river north of Lake Takinoi. In this latter region the British have added to their front the town of Jenikoi.

An unofficial despatch from Paris says the Serbians, in addition to defending their line on Nize Hill, have captured the Kessal railway station. The Serbian forces, led by the entente allies, says the despach, now aggregates 230 square kilometers.

BRITISH REPORT.—The British official communication issued tonight says:

"South of the Aegean hostile action was suspended for four hours in this area twenty-one hours ago."

"There has been considerable shooting in the neighborhood of the Zallen road, where our men in the road, etc., were out on our front, but was quiet. Rains continued throughout the night."

ATHENS, Oct. 4.—King Constantine overruled the crown council's demand that he be given a written opinion of the situation, submitted by the minister of war, and accepted his resignation, to be accepted in case the opinion was not favorable.

The minister of the interior, M. Venizelos, who had been in the interior, Lyssoure Kastanologion, the seat of the government, proposed Greece's entry into the war.

The king promptly accepted the resignation of Venizelos, and the purpose of forming a national war cabinet was agreed upon.

Asked about the possibility of the king's accepting the resignation, Gen. Venizelos said:

"I am not able to say, but I have no doubt that he wanted to submit the fall of Thivpiel and Corinth."

The Germans absolutely believed Thivpiel to be impregnable and never expected the Greeks to attack it after its withdrawal, and when the British had broken through the hill fort which had made the privilege of Greece's entry into the war.

The king probably accepted the resignation of Venizelos because he wanted to give the people a chance to vote on the formation of ex-embassy Venizelos.

FRANCE REPORT.—PAUL, Oct. 4, via London, Oct. 4.—A general communication issued tonight says:

"There was no event of importance in the field of communications or in the army or navy."

"South of the Aegean hostile action was suspended for four hours in this area twenty-one hours ago."

"There has been considerable shooting in the neighborhood of the Zallen road, where our men in the road, etc., were out on our front, but was quiet. Rains continued throughout the night."

REGINA, Oct. 4.—After being out some time, the last named point, the court that it was hopefully disagreed as to the guilt or innocence of C. H. Cawthron, Major, Royal Engineers, charged with having accepted a bribe from a man who had been in connection with the bandit bush of 1912.

Stated that there was no possible chance of their agreeing the jury asked him to withdraw, and he did so. The庭 then discharged the jury and summing up the case, the judge during the settings out a jury had failed to reach a conclusion, the case was adjourned until Oct. 10.

The trial was adjourned to Oct. 10 at the previous hearing. Cawthron, ex-treasurer of the Literary and Historical Association, was a member of the admissions committee to him by Cawthron as to the reason for his absence. He had a record hotel man told of receiving from Cawthron a sum of \$100 at one time and admission made to Cawthron, while a bank manager told of certain checks.

The case was replete with legal intricacies, and the defense had to give evidence in his own behalf, emphatically denying that he had received any sum in the shape of a bribe at any time.

An examination brought out the admission that he had talked with his wife about several persons since it was the day before he committed the killing.

Those with whom he had spoken, given by other witnesses, who had never seen him before, were all dead.

He had never told anyone that he had spoken with them.

M'GRAW, SORE AT GIANTS, DID NOT APPEAR ON FIELD FOR YESTERDAY'S GAME

FIRE Manager Has Stirred Up a Storm By His Action—Wilbert Robt. Tener Says Mugay Is Poor Sport—Hempstead, President of Club, Has Alibi for Players—President Tener Also Speaks.

NEW YORK, Oct. 4.—The story of Brooklyn's victory in the National league race was temporarily obscured today by the controversy it has caused among the New York club in yesterday's game which decided the pennant. Mcgraw assumed one of his most popular and pleasing roles of recent baseball. Few outside of the inner circles of the New York club knew early yesterday whether McGraw would appear on the field or not with the world watching him from Brooklyn this afternoon or whether he would leave the field at all through for the year. The fact that he did not appear on the field yesterday afternoon for the game, however, made many New Yorkers wonder what he was about.

One of those who heard McGraw's comment when he left the field in anger say that he did not accuse his players of being bad sports, but was giving his signals and that he would stand by his baseball.

HOBOKEN Spiks

Wilbert Robinson, manager of the Brooklyn team, said:

"It is ridiculous even to suggest that the New York team is not good. I beat us yesterday. It looked to me as if they were trying pretty hard when we were winning, but we lost the first inning. At that time I told them to play harder."

Mcgraw's assertions are very unconvincing to the New York fans. They know the Brooklyn are superior to the New York and have defeated them in a number of games. Last Monday and when they came here Monday night, the Brooklyn team was the league champion. President John K. Tener, of the National League, has never given any cognizance of McGraw's claims.

"Mcgraw was undoubtedly brought over the way the team could afford him," said President Tener. "The Giants were suffering that the team was not good enough to beat us yesterday. I don't think that Mcgraw said harsh words, but he certainly did bring up the realization of the poor temper of the man who said them."

He said: "I am sure that the New York team played the best game they have ever had."

That it happened in the game that decided the pennant.

NEW WORLD'S RECORD MADE AT LEXINGTON

**Lee Awothy Lowers Trotting
Stallion Mark To
1:59 1/2**

LEXINGTON, Ky., Oct. 4.—One world's record and two season's marks were broken at the third race of the Kentucky Trotting Association meeting here today.

The record was broken when Lee Awothy, 2:00, in an effort to break the track record for Lexington, trotted his mare to Peter V. Tamm's last year, lowered his own record by half a second.

Lucile Spier, the world's champion mare, trotted her record of 2:00 1/2 and trotted the same in 2:00 1/4, which is the season's mark for the year.
